

ON CAMPUS & DISTANCE LEARNING

School of Physiotherapy

Postgraduate study

Neuro-rehabilitation for physiotherapists

BUILD ON YOUR CURRENT
KNOWLEDGE

Phty 535

apply now for semester two 2020

INDIVIDUALISE TO YOUR AREA OF INTEREST

Postgraduate student LEANNE ROBINSON

put her own spin on it

She explored the effect of cycling on gait parameters in
paediatric rehabilitation

Phty 535 has provided me with a framework for taking limited research in some areas of my work, synthesising and then being able to articulate what that means to my practice. (Leanne 2018)
